

FACTSHEET

YOUR CAREER AT INFOGUARD

Do you have a passion for cyber security?
Then this is the right place for you. Discover the career opportunities at InfoGuard and help to make the digital world more secure.

Who we are

InfoGuard is one of the leading Swiss companies for comprehensive cyber security – from consulting and penetration testing through architecture, operation and support for complex network and security solutions to comprehensive cyber defence services from our own Cyber Defence Center. There are some 200 employees working at our headquarters in Baar/Zug and our branch offices in Bern, Munich and Vienna to ensure the everyday security of customers from all over Switzerland, Germany and Austria. These include leading banks, insurance companies, industrial companies, energy service-providers, hospitals, service providers and authorities. So you can expect a varied range of exciting projects with teams of highly.

What you can expect from us

Cyber security means facing new challenge every day. Our vision: To make the digital world more secure, day by day. We are constantly on the lookout for new employees to support us along this path. Whether you are a trainee, a professional or a manager: everyone is just as important to us, at the end of the day we are all just people. What do we all have in common? A passion for cyber security and the motivation to give our very best for ourselves and our customers every day. So it is all the more important that we provide a working environment where everyone can feel good and develop to their optimum potential. Our constant growth puts us in a position to offer new, exciting development opportunities and actively give our employees new skills on an ongoing.
